ENHANCING YOUR TDPS ELECTIVE EXPERIENCE

Lower Division Required Courses 10 or 14 or 40, 25AC or 52AC, 26, and 60 should be taken first whenever possible in order to provide a strong foundation for all upper division coursework. Consult guide.berkeley.edu for details about TDPS major and minor requirements.

1 DEVELOP A FOCUS IN UPPER DIVISION ELECTIVE COURSES: Most TDPS students develop a focus as they select upper division elective courses. A focus is not required and some students choose to take a wide range of upper division classes in order to gain breadth in their experience. The focus areas below are examples of how to go deeper. Students may also enrich and augment their knowledge by taking additional elective classes in other theatrical disciplines when they are offered: Choreography, Directing, Playwriting, Scenic Design, Sound Design, or Collaborative Innovation. Many elective courses may be repeated for credit. The Undergraduate Academic Advisor can help each person shape a meaningful plan based on individual interests and goals.
